File Sharing app simulator

‘SHAREDU’

By

Entertainment team

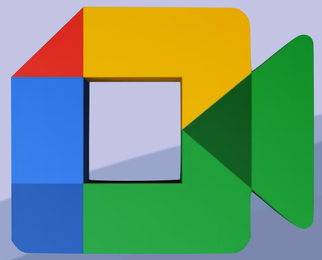
Section: 4

Who we are?

The story behind our creation

How did we collaborate effictively?

FigJam



Please have a look AT

our FIGJAM BOARD

Who should be targeted to use our app?

made for those who seek knowledge

What is the primary goal of the app that it strives to achieve?

It gives juniors a good starting point for knowing how we share files by P2P connections (as it's simpler than client2server connections) and excites them to search more in networking and python language topics.

“What makes our app significant?”

Simple GUI ✨

(programming vibes)

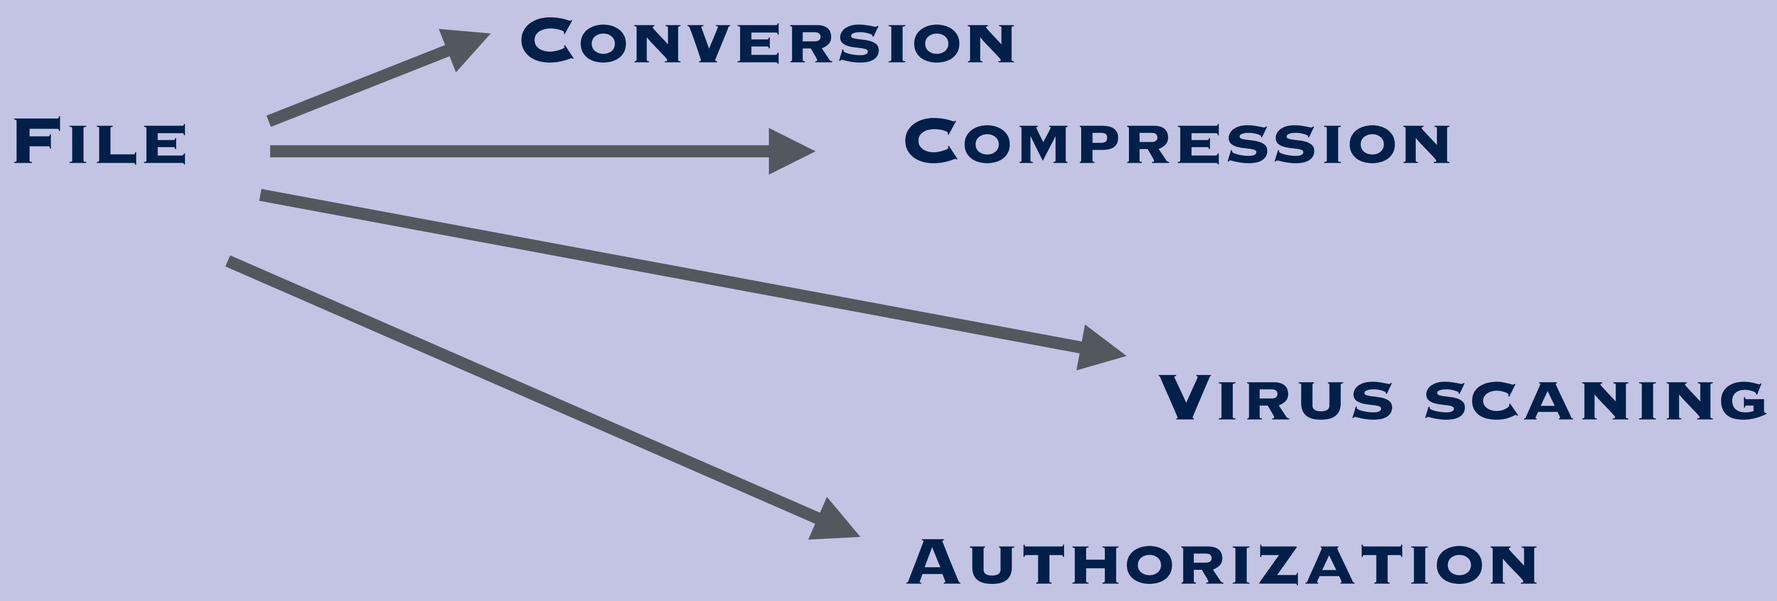
(made for low resources users)

(Interaction with the core of machine)

enrich the users’ knowledge by giving hints about networking concepts

The user is supposed to study our Python language code

‘sharedu’ has other features like:



Our Vision:

Spreading how real daily life apps work(computing machines, Networks, P2P sharing, etc...).

AT THE END OF THIS PROJECT:

I WANT TO EXPRESS MY GRATITUDE TO OUR MENTORS FOR THEIR HELP AND INSPIRING IDEAS. I ALSO WANT TO THANK MY PATIENT AND SUPPORTIVE FRIENDS.
